Clean Air Day 2020

Together we can make October 8 the cleanest Clean Air Day yet. During the COVID-19 lockdown we experienced cleaner air and saw massive shifts to low pollution behaviours. Let's keep up the momentum and keep our air clean.

Play your part to keep our air clean on:

Clean Air Day
8 October 2020

Did you know that if you walk on the side streets, rather than busy roads, you could experience 20% less air pollution? Or that if you walk, rather than drive, you could cut your exposure to air pollution in half (as car drivers can be exposed to twice as much air pollution as pedestrians and nine times more than a cyclist)?

Clean Air Day on 8 October is a chance to find out more about air pollution, learn how to avoid it and discover the practical things that people can do to cut local pollution. Wise up about air pollution, visit www.scottishairquality.scot

Join us in pledging to **<INSERT ACTION HERE>** for Clean Air Day. Share your pledge **<INSERT WHERE>**

To get involved in Clean Air Day and learn more about the part you can play visit cleanairday.org.uk/scotland or search #CleanAirDay. Due covid-19, please ensure that any activities you undertake meet with your government's guidelines.

Clean Air Day is coordinated by © Global Action Plan on behalf of over 250 Supporter organisations.
